In the process, balance your inventory by choosing between powerful stats and special abilities granted by different items. Be on the lookout for consumables left behind by fallen enemies to help replenish your resources.

## VIVID LANDSCAPES

**NAVIGATE** a carefully crafted world -- goblin forests, haunted temples, dank sewers, and decadent palaces. Blackfaun places emphasis on each individual playthrough as its own experience rather than a grind to the top of the level meter.

# HEROES AND VILLAINS

**EXPERIENCE** the plot as it unfolds. Eri, along with her birth-rune, Lex, seek to uncover the meaning of the quest her parents tasked her with. Eri is the heir apparent, but must complete her trial before she can claim the throne. On their journey, the two encounter Pan -- Eri's long-estranged brother. After dismissing him initially, Eri and Lex begin to wonder about his intentions as they try to parse his riddles.

All you care about is the quest! There is so much more at stake!  
Didn't you hear what Pan said? The relic is the KEY to power  
greater than I've ever imagined.

Try and relax, saintly sister. These creeps aren't with me...but I  
must admit, I do love what they've done with the place!

Honestly, Battlepaths isn't up there with Maj'Eyal, The Pit and Dredmore, but its a surprisingly decent roguelike that can be surprisingly difficult at times, especially against the end bosses.

My one main complaint that there's very little music.. Good old style classic game, brings back nostalgia feelings.

I originally bought the game due to seeing reviewers being pleasantly surprised with a relatively fast but fun game. Piano puzzle didn't take me as long as others or stop me as I used my brain to deduce the answer.

Overall, good experience, really fun to play and get those old school vibes from as well as a nice little puzzler.. Spent several hours running through the current content, had quite a bit of fun! Developer is actively involved with the community in finding and fixing reported bugs as soon as possible, always a +1 in my book. Very much enjoy the artwork, it's charming and colourful and a nice change of pace from most other games. Will be watching this game develop with interest.. English:

This DLC is unop of the best because we are presented with these characters previously seen but this time they will show us their journeys in the world of Grand Theft Auto IV and we are presented with an epic crossover between Niko Bellic, John and Luis Lopez, if you liked GTA IV you should consider buying this DLC

Spanish:

Este DLC es unop de los mejores pues se nos presentan estos personajes ya antes visto pero en esta ocasi\u00f3n nos mostraran sus travesias en el mundo del Grand Theft Auto IV y se nos presentan un epico crossover entre Niko Bellic, John y Luis Lopez,

si te gusto GTA IV deberias de considerar en comprarte este DLC. Bought this game when my small niece came over and i wanted her to try VR, she absolutely loved it, i don't even need to guide her, she became naturally fluent with the game concept. I tried few minutes myself and would understand why, this is a very light-hearted and fun mini game that is very much children friendly. I would really recommend this game to anyone who has children and want to invite them into the world of VR!. i ♥♥♥♥ing suck at rhythm games but if youre good its good because none of the music actually has rhythm in it

Very poor game. Aside from the basic graphics, it fails at a number of simple hurdles - Nothing fancy, nothing complicated, just the basics. For example, swapping on-pitch player positions mid-game counts as a substitution and prevents later subbing of either player. Managerial careers have no challenge or excitement, games don't build any kind of tension and are mundane to watch, and in the end the game simply lacks in every aspect. Will go searching for my refund immediately.. The new DLC sneaking suit, the one from Snake Eater, isn't showing up in the game just yet, presumably from some type of bug.

Beta 1.0.4.3 Released - Sneaking Suit (NS) Bug Fixed If you'd like to participate in the beta, follow the steps outlined below:

Right-click on Metal Gear Solid V: The Phantom Pain in your Games List

Select Properties from the context menu that appears

Select the Betas tab from the new window that appears

Select ver\_1.0.4.3 - fixed: Sneaking Suit (Naked Snake) from the drop-down list under "Select the beta you would like to opt into"

Select Close

(Information taken from Metal Gear Solid Fan Club(Steam group)). fun fun fun.....

challenging enough, and takes some time to finish (no shortcuts)... maybe not so much as the time it took me ..... but some time. you will get your money's worth, I would say.

23h and 190 game days.

The game is fun and has a good difficulty. The graphics serve their purpose, the audio is just fine, etc etc ;)

8/10. This game was really pleasing to me! The story was cute and the art style is really neat!

There's some replayability to this game with achievements, and reading through every item can be fun.

The characters are interesting and cute as well.. Pretty fun game, similiar to blaze rush, however one pretty neat feature that sets it apart is the ability for anyone to join and use their tablet or phone as a gamepad.
